HOLIDAY HOMEWORK

School may be out, but the learning never stops - let's explore, discover, and grow!" "With summer in full swing, it's time to chill out with family and friends and dive into new experiences." "From lazy days to wild adventures, let's make this summer the best one yet!"

Dear Parents,

Children are born with natural curiosity and inquisitiveness about the world around them. It is important for us to help them keep this spark alive and to make learning fun.

We know summer holidays are the time of the year when you get an opportunity to spend time with your child. To keep the little ones indoor in the sweltering heat and to utilize their time in creative activities, we have attempted to design holiday homework to occupy the kids in their free time. We wish you have an enjoyable summer vacation with your kids.
